A screenshot of a GitHub repository page for "ESO-python / public_dropbox". The page shows a code editor with a Python script named "my_script.py". The script contains the following code:

```
1 # New script by Adam Ginsburg
2
3 import numpy as np
4
5 def sqrt(x):
6     return x**0.5
```

The GitHub interface includes a header with "New File", a search bar, navigation icons, and user information for "keflavich". Below the header, there are buttons for "Unwatch", "Star", and "Fork". The right side of the screen features a sidebar with various icons for repository management.

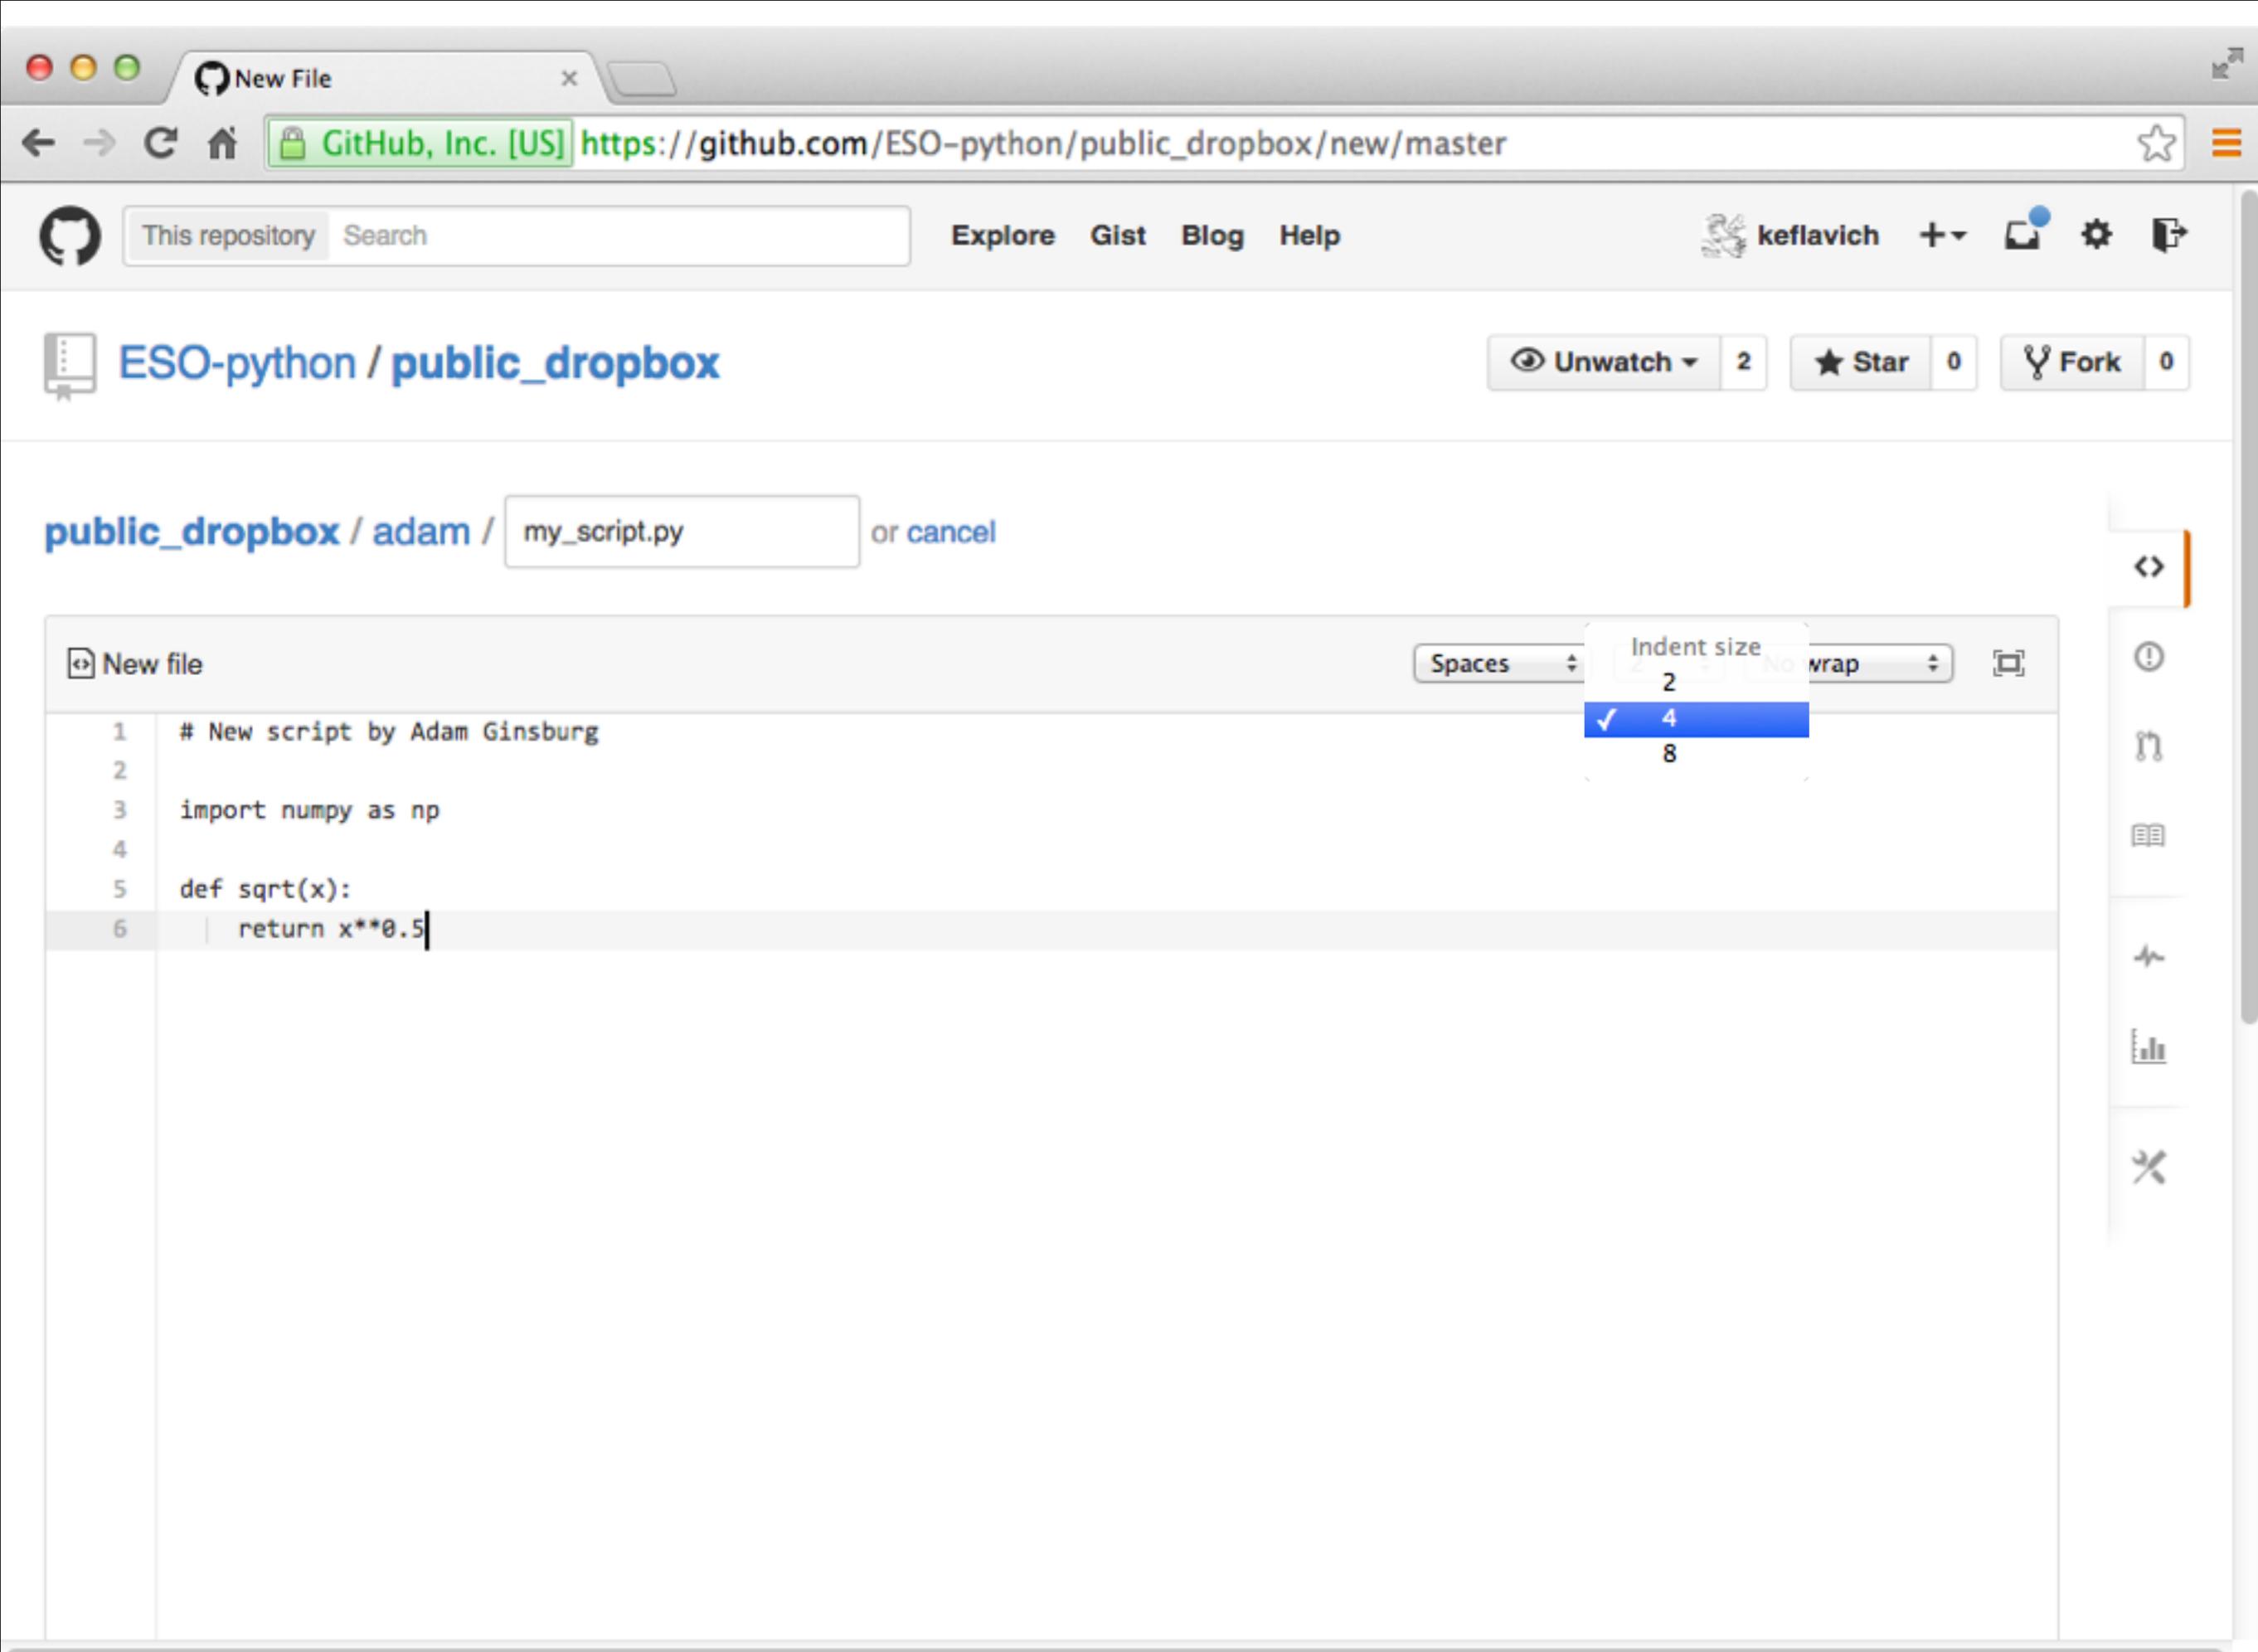

A screenshot of a GitHub repository page for "ESO-python / public_dropbox". The page shows a code editor with a Python script named "my_script.py". The script contains the following code:

```
1 # New script by Adam Ginsburg
2
3 import numpy as np
4
5 def sqrt(x):
6     return x**0.5
```

The GitHub interface includes a header with "New File" and "X" buttons, a navigation bar with "GitHub, Inc. [US] https://github.com/ESO-python/public_dropbox/new/master", and a user profile for "keflavich". The repository details show 2 unwatched issues, 0 stars, and 0 forks. The code editor has settings for "Spaces" (2), "No wrap", and a copy icon.

```

public_dropbox

A place to deposit any scripts or anything you wish to share with all of ESO

A screenshot of a GitHub repository page for 'keflavich/public_dropbox'. The page shows a code editor with a Python script named 'my_script.py'. The script contains the following code:

```
1 # This is another super-cool script
2
3 while True:
4     echo "All fork and no spoon makes soup difficult to eat."
```

The GitHub interface includes a header with 'New File' and a navigation bar with 'Explore', 'Gist', 'Blog', and 'Help'. On the right, there are buttons for 'Unwatch' (1), 'Star' (0), 'Fork' (1), and profile information for 'keflavich'. A sidebar on the right contains icons for file operations like copy, paste, and delete.
